

# CHICAGO TITLE CONNECTION is now on a Secure Server

To better protect us and our users we have loaded our website on a Secure Server. This change protects information accessed or submitted on the website from being interfered by a third party trying to hack or phish sensitive or personal information. We hope this adds a sense of trust while visiting our website and enhances your experience. Try it out now: <https://www.chicagotitleconnection.com>

Please note that if you have any Bookmarks or Favorites for our site the URL will need to be updated to include “https” at the beginning of the saved link. *Also please be aware that we do provide links to other company’s websites so when clicking a link to another website it is their responsibility to secure their site.*

You will now see https in the web address and also a lock icon in your browser to show it is on the secure server.

A graphic with a white background and a red arrow pointing left. The text 'KEY BENEFITS OF SSL CERTIFICATE SECURITY' is written in white on the red arrow. To the left of the arrow is the text 'https://www.' in a large, stylized font. To the right is a large yellow padlock icon. Below the arrow, there are four green checkmarks followed by the following text:

- ✓ Maximize Security of Data and Transactions on the Web.
- ✓ Encrypt Users Sensitive and Confidential Data.
- ✓ Stop Phishing Websites Pretending to be your website.
- ✓ Creates Trust and makes users feel secure while visiting your website.
